

TRAFFORD LABOUR GROUP

PRESS RELEASE

A Commitment to Lostock Youth Centre

Trafford Labour Councillors have asked the Conservative ruling group to give a firm commitment to the future of Lostock Youth Centre. A motion has been put to the full council congratulating all staff for their commitment to young people in the Lostock area. However the condition of the building has the Labour Councillors greatly concerned. Councillor Laurence Walsh says "The Lostock Youth Centre is only open two nights a week yet attracts a great many young people. The young people together with the staff are looking at ways they can attract funding themselves to improve the building. That kind of initiative should be rewarded".

Sadly at the full Council Meeting on 10 October 2007 the Conservative majority on the Council refused to support this motion.
